FINANCE

Revenue Budget Monitoring Report – 1 April 2020 to 31 October 2020

SUMMARY

This report sets out the revenue monitoring position for the period to 31 October 2020 and the projected year end position.

1. Current Position

- 1.1 The annual budget is as approved at the Board Meeting held on 7 February 2020, subsequently amended for the inclusion of the 2019/20 underspend of £7,072. The budget also includes income from Highland Council, as part of the Inverness City Active Travel Network Programme, and income contributions for research and strategy development work.
- 1.2 The attached summary statement shows the financial position to 31 October 2020. In total income and expenditure is broadly in line with the budget out-turn target.

2. Year End Projection

- 2.1 The year to date actual figures represent the transactions for the seven months ended 31 October 2020 and are in line with management expectations. At present officers are not aware of any anomalies that will distort the overall financial position.
- 2.2 Board Members will note that based on the financial performance to date, it is predicted that at the end of the financial year the budget will deliver a balanced budget.
- 2.3 Board Members will recall approval was given for employing a Business Support Assistant to give administrative and financial claims support in the delivery of European funded projects. Allowance for the increase would be reflected in the staffing budget. The monitoring statement indicates a year end overspend for this post, however given the COVID-19 pandemic there are compensating underspends in the overall direct running costs budget. This will allow further work to be undertaken within the research and strategy development budget.

3. Major Issues and Variances

- 3.1 At present there are no major issues or variances to highlight.
- 3.2 Miscellaneous income consists of contributions totalling £35,000 from constituent Local Authorities for contributions towards the cost of public transport information.
- 3.3 Grant monies are due for most of the European projects and will be received in the current year and next financial year.

4. Recommendation

4.1 Board Members are asked to approve the above information as well as the attached schedule showing the revenue monitoring position for the period to 31 October 2020.
